IMAK®
Pain Relief Innovation™

Elbow PM™

The IMAK® Elbow PM™ offers exceptional comfort while gently immobilizing your elbow, preventing painful movements while you sleep. It is a leading brace for nighttime relief of cubital tunnel syndrome, or pain relating to pressure on the ulnar nerve.

The soft fabric and breathable foam keeps your arm comfortably warm, and the cotton lining allows skin to breathe. IMAK's Elbow PM features a removable splint and dual Velcro® closure for customizable compression and support.

Key Benefits:

- Prevents harmful arm positions while sleeping
- Provides customizable comfort – maximum immobilization with splint in, or gentle support with splint removed
- Promotes healing with therapeutic warmth
- Soft cotton lining and cushioning foam allow skin to breathe
- New! Stretchable webbing for improved fit

Use IMAK's Elbow PM for nighttime relief from cubital tunnel syndrome pain, tennis elbow, golfer's elbow and other elbow pain.

Specifications:

- Universal to fit right or left arm
- Washable
- LATEX FREE
